

TOP TIPS FOR FUNDRAISING

FACTSHEET

It's great to get involved in fundraising, and you can have a lot of fun helping others. Fundraising helps to build the sort of communities we all want.

The important thing with fundraising is that it should be:

- Safe
- Easy to understand
- Easy to take part in
- Fun

Top Fundraising Tips

- Make sure you know who you want to raise money for and why. When you are planning to raise money it is important you always keep your goal in focus.
- Create a timeline. Set down dates and goals for your fundraising to make the event successful.
- Set up a committee. These could be classmates, family members and anybody else who wants to help you. A good committee will help to plan the event, and save you time.
- Make a list of who else will help you. Ask people to donate to your event and to ask them to help to get others to donate. This might even be a way to give a local business some good publicity.
- Don't think too big. Set small goals. You should aim for a small successful event to make sure that your event becomes an annual event that grows each year.
- Ask local celebrities to help. Don't feel like you have to get a famous boy band or some big star in order to make your event successful. Your local mayor or local band can be enough.
- Promote your event. Make lots of publicity like posters or even put an advert in the local paper or school newsletter – do this at least a month before and then again the week before the event.
- Get people to help you on the day. You need as many people as possible to help you on the day. This means you can make sure the day is a success.
- Always follow up the next day. Phone people or write a personal thank you note to everyone who gave money or helped in some way.
- If there are too many people to write to, put a thank you in the newsletter.
